MACOG Call for Projects

- Applications Update

MACOG Metropolitan Area Council of Governments **2026 Call for Projects - New Project**

[LPA Information](#) [Project Information](#) [Project Details](#) [Additional Information](#)

MACOG's Call for Projects Application for new projects for Local Public Agencies within the South Bend and Elkhart-Goshen Urbanized Areas. These funds are available for any type of new projects such as bridge, road, safety, sidewalk, transit, planning study, or any type of project that is eligible under the Infrastructure Investment and Jobs Act (IIJA).

The application will be available until **October 12, 2026**. MACOG will evaluate the applications and make recommendations to the Policy Board in December. For more information, review the Project Selection Process document. Additionally, please review the [Move Safe Plan](#) and [Regional Complete Streets Policy](#), which all projects must comply with.

Please complete all sections of the application. You will be able to save your progress and return to the application at a later date. You will be sent a unique link for that application. Partially submitted applications will not be considered for evaluation. If you have any questions about the application, please contact Kelsey Triebold at ktriebold@macog.com.

PLANS & PROGRAMS

SFY 2028-2031 Transportation Improvement Program Development

State Fiscal Year 2026 Annual Listing of Obligated Projects

<https://www.macog.com/transportation-improvement-program>

Annual Listing Obligated Projects

The annual listing of obligated projects is consistent with the project listing in the TIP. This includes project name and identification numbers, project location, project description, as well as the amount of funds programmed in the TIP. Funds obligated are a measure of the progress being made on a project. As such, the Annual Listing of Obligated Projects report is prepared at the end of the state fiscal year to tell what actually happened with TIP federal project funding during the fiscal year.

Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. It is possible that obligated funds exceed the amount estimated in the TIP. It is also possible that unused funds may be credited back when not needed at the completion of a project phase resulting in a negative obligation.

High Injury Network Update

- Expanded the analysis from 2019-2023 to 2019-2025 by adding 2024-25 FSI crashes.
- Recalculated HINs for vehicles, pedestrians, bicyclists, motorcycles and buggies

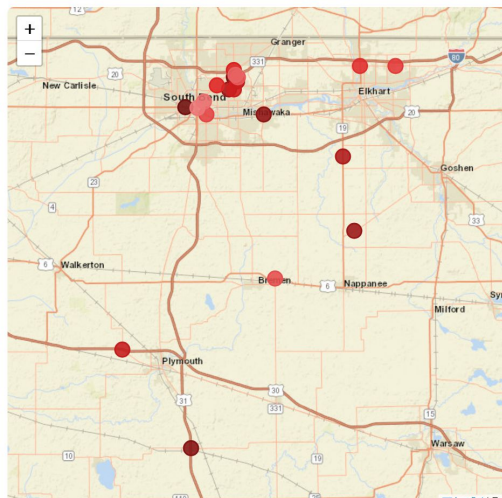

Staff Update

PLANS & PROGRAMS

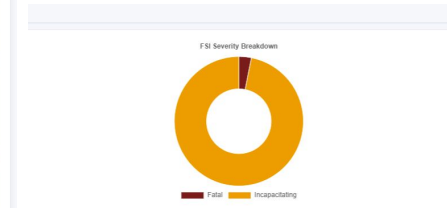

High Injury Network Update

- **Top 20 Intersections:** Ranked by historical fatal and incapacitating (FSI) crashes on the MACOG High Injury Network
- Traffic flow, growth and Level of Service (LOS) for 2030 to 2055
- FSI Crashes summarized by crash type, severity, collision type and primary factor
- **Next steps:** Incorporating TTAC comments, such as before-and-after analysis, recent crash trends, and additional safety factors.

Top 20 intersection map
